ACADEMIC QUALIFICATIONS

Year	Degree	Institute	CGPA / %
2021 – 2025	B.Tech (Computer science Engineering)	Dr.MGR Educational &Research Institute	8.56
2020-2021	HSC (XII)	ST Joseph Of Cluny Matric HR Sec School	84.5%
2018-2019	SSLC (X)	Jawahar Matriculation School, Chennai	82%

PROJECT

Gas Leakage Detection System (IoT) Final Year B.Tech Project |

Jan 2025

Technologies: Raspberry Pi Zero W, MQ-2 Gas Sensor, MicroPython, C, GPIO, SMTP, ADC (MCP3008), Thonny IDE, Wi-Fi, Email Protocols

- Designed a smart gas leak detection system using MQ-2 sensor and Raspberry Pi Zero W to monitor LPG, methane, and propane levels.
- Programmed sensor integration using MicroPython and C with MCP3008 ADC for analog signal conversion.
- Implemented alert system with LED and buzzer using GPIO pins for real-time warnings.
- Enabled email alerts to users via SMTP protocol for remote safety notifications.
- Developed a modular system for automatic startup, sensor reading, and safety checks using crontab.
- Added system logging, watchdog recovery, and OTA update features for better reliability and scalability.
- Calibrated and tested the system in lab conditions to ensure accuracy and fast response.

MINI PROJECTS

Manual Testing: Globalization Testing on Facebook Login Page

April 2025

Tools: Google Chrome (Dev Tools), Unicode inputs, Manual Testing

- Tested the Facebook login page in different languages like English, Arabic, Hindi, Chinese, and Spanish.
- Checked that the layout, text direction (left-to-right and right-to-left), and date/time formats worked properly.
- Found issues with translations, text alignment, and design for different languages.
- Wrote test cases to check language display, special characters, and input from different regions.

Compatibility Testing on Shaadi.com and Tamil Matrimony

- Tested and compared how Shaadi.com and Tamil Matrimony match people based on their profiles.
- Made sample profiles to see the kind of matches each site suggested.
- Checked how easy it was to use and understand the match information.
- Shared ideas on what each site does well and what can be improved.

PROFESSIONAL EXPERIENCE

MATHS TRAINER:

2023-2024

Worked as a Mathematics Trainer at GK Institute (June 2023 – May 2024), teaching grades 10–12 and assisting students with core concepts and exam preparation.

TECHNICAL SKILLS & CERTIFICATES

- Programming Languages** – java.
- Testing Tools:** Selenium WebDriver.
- Testing Concepts:** Manual Testing, Automated Testing, Regression Testing, SDLC, STLC, Defect Life Cycle, Agile Methodology.
